Vote Republican for America's Future

2004 is the most important election of our lifetime.

Freedom is on the line as America is under attack by terrorists who want to destroy our way of life.

Republicans are taking the fight to the terrorists where they train and hide, so we don't have to face them on the streets of America. National Democrats say they will subject America's national security to a global test.

Republicans created the Department of Homeland Security, and have reformed and improved our intelligence gathering capability including passage of the Patriot Act.

National Democrats have spent years weakening our national defense and intelligence services and many oppose the anti-terrorist Patriot Act.

Republicans will never seek a permission slip to defend America. We must preempt the terrorists before they have the opportunity to launch another attack on America.

That is the key issue in this election: who will make our nation more secure?

We cannot afford to make a mistake in answering that question. Vote Republican for a safer, stronger America.

The last election was decided by a razor thin margin of 537 Florida votes. This year, your one vote can be the difference.

And this year you can *VOTE EARLY IN PERSON* from October 18 – November 1. Your county's early voting locations are listed to the right. Don't wait. Go vote Republican today.

Avoid The wait!
